Dear Parent

Parent Survey

Please find a link below to complete a brief online survey for Richard Challoner School. Feedback from parents about their views of the school is important, so please make every effort to complete the survey by clicking on the link. The survey should only take 2-3 minutes.

The survey is one that has been used by OFSTED. If any questions in the survey flag up an issue, I intend to send a further survey with more detailed questions, as a follow up.

Thank you for your time. Where you request someone to contact you, we will endeavour to do so as soon as possible.

Please use the free text box to make comments, both positive and negative!
