

SUMMER SUPPORT

CAREERS ADVICE

HELPLINE

***07540156905 or *07864612857**

Covid-19 has affected everyone's lives again this year and changes to the exams and assessment process may have affected you. If your grades were not what you expected and you would like some support, we in the 14-25 team in AfC may be able to help.

Or if you would simply like to discuss your post 16 options, we can provide impartial advice and guidance to help you to explore ideas and weigh up the pros and cons of the different options open to you - whether these are post 16 learning programmes, traineeships or apprenticeships.

Call the 14-25 team's Summer Support helpline to talk to a qualified careers adviser. The line is open from 12 to 4pm from 16 to 31 August 2021.

Alternatively, it may be possible for us to talk face to face (restrictions permitting) so if you would like to see a careers adviser, please ring the number above to see if appointments are available at one of our local offices in Surbiton, Kingston or Twickenham.

*Helpline is rota-ed between these numbers, so please note you may be directed to the alternate number
