At Challoner it is not just about GCSE results. We aim to get to know our children and their families as individuals and have invested in the students to meet their individual needs and interests.

We have supported many enrichment trips to places such as year 7 camp, Duke of Edinburgh expeditions, A'level Geography field trips, Kew Gardens visits for art and weekend and day trips to the theatre.

We have helped with uniform, clothes, equipment and GCSE revision equipment.

We have got involved with flooring, heating, housing and grocery purchases.

We have offered the use of our financial advisor to support our families that are in debt.

We run reading programmes, over and above our usual scheme. Encouraging peer support with maths and reading.

We have run some meta-cognitive groups in Year 11 and 10 to raise aspirations.

We support our young carers encouraging them to take part in all that Kingston Young Carers offers.

We offer counselling for children whose parents are in the process separating or divorcing as we are aware and experienced in the anxiety that this uncertainty can bring.
