Please comment on one thing that you particularly enjoyed/found useful whilst on your sons to work day.

I enjoyed meeting children and seeing the type of things that I would've done in nursery that I wouldn't particularly remember

In the box below write a review of your day, Include things your enjoyed, things your weren't sure about and what it makes you feel about the world of work. We started off the day by using a Leaf blower to blow all the leaves away and then pick them up and put them into a bag from the garden then we went into the classroom and prepared for when the kids arrived soon after the kids arrived and any children that needed help with the activities we would go over and help them if we were not helping a child we would be doing something with a child or a few children such as reading a book or drawing with them we then moved onto the second run with slightly older children going from 2 to 3 years old to3 to 4 they would do stuff like counting to 10 then the children would go to the garden and play on the jungle gym and with the small toy cars after that some kids went home but some children stayed for lunch after saying goodbye to the majority that left we had lunch
