

# Virtual work experience 2023

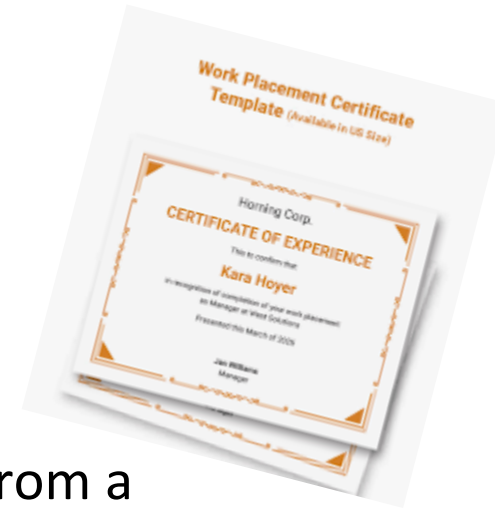

**Richard Challoner School**

## Virtual Work Experience programme

- This is in its 2<sup>nd</sup> year and is an exclusive opportunity for year 10 to engage in some work place experience.
- This is part of the wider careers programme building on son's to work day in year 8 (which you unfortunately missed) and the bigger opportunity in year 12 to carry out a weeks placement.
- This project will take place over February half term
- We will be using a platform called Springpod

- We are not taking up your whole half term. In most cases it will be around 4-5 hours in total (depending on the experience chosen)
- You will receive a certificate on completion.
- The chance to work with real people in real workplaces
- It may be you take part in webinars, complete a task and receive feedback from a mentor.
- This is great preparation for the future- you can add to your CV for job searching, college and 6<sup>th</sup> form applications and demonstrate work skills you have gained.
- Students in the 6<sup>th</sup> form have gone on to continue to use springpod and engage in more opportunities throughout their studies.

What next?

- <https://forms.gle/jLKmWJrUMLETo5Vy6>
- Complete the google sheet today before the end of PHSE to log which opportunity you want to do.
- Check your email for confirmation on the programme
- Do the virtual work placement during next week.
- There is something for everyone- even if you don't know what you want to do in the future Barclays lifeskills looks at interviews, cv writing and skills to get you ready.

The screenshot shows a web browser window with the URL `space.springpod.com/sign-in`. The page has a dark blue header with the Springpod logo. On the left, a large blue box contains the text "Welcome back to Springpod" with a clapping hands emoji, five stars, and a testimonial: "Springpod really helped me gain a broader understanding of all the different industries and it provided a great insight into the career paths I could take. It was really interesting and productive". On the right, there is a "Create your account" button. Below it are input fields for "Email\*" and "Password\*", with a toggle for password visibility. Further down is a section "Or join with social" with Facebook, Apple, and Google icons and a "Join with social" button. At the bottom are "Next" and "Forgotten your password?" buttons.

Forgotten your password?

You may have received an email already from springpod but this is the screen you will head to log in to your experience.

This will be with your school log in details. Please don't change these as we are unable to reset.

You will receive a confirmation email of your chosen programme with details on how to log in on Monday.

There are demonstration videos available on the showbie group -
